ABOUT

Front End Developer with 5+ years of experience building scalable, high-performance web applications using JavaScript (ES6+), React.js, and Next.js. Strong focus on single-page applications (SPA), component-based architecture, responsive UI development, and performance optimization. Experienced in translating Figma designs into pixel-perfect, user-centric interfaces and collaborating with backend teams to integrate REST APIs. Proven ability to deliver production-ready frontend solutions aligned with business and UX requirements.

SKILLS
